Subject: GfKl2012

Dear colleagues,

because of various requests we prolonged the abstract deadline for the next GfKl conference 2012 in Hildesheim to May 9, 2012.

Please also note that we now also call for INVITED Sessions. Per invited session we offer waiving the registration fee for one person. Please note that such invited sessions should only contain papers not already submitted to the conference. If someone wants to organize an invited session, he/she should notify the PC-chair Myra Spiliopoulou: myra@iti.cs.uni-magdeburg.de .

For more information about the conference please consider www.gfkl2012.de .

May I ask you again to distribute this information among the members of your society.

Hoping to see you all in Hildesheim,

best wishes,

C. Weihs
